

Important Dates:

- **Fill out Meet Form ASAP, which can be found on the team website [here](#)**
- Tuesday, June 10: Registration Deadline, register [here](#)
- Wednesday, June 12th, first meet BHSC @ FCC

Dear Boar's Head Families,

It was a great first week of practice. It was truly wonderful to see so many returning faces and new ones!

Morning workouts start this week (No dryland this week), and additionally, afternoon practices will continue with the same schedule as last week. We understand that many swimmers are still in school, so feel free to attend the practice that works best for you and your family! After the completion of the school year, morning practices are the main focus and should be attended over afternoons if your families can do so. Practice times and other related information can be found on the team website, [here](#).

Meet entries will be completed on Saturday, 6/8 and announced to swimmers and families on Sunday 6/9. **Thus, any swimmers who wish to compete in our meet with Farmington must have the following completed by Friday night:**

- **Register with BHSC: [here](#)**
- **Correctly fill out the JSL form: [here](#)**
- **Meet form by Friday evening: [here](#)**

Sunday morning, meet entries will be sent out, allowing families to check to see if there might be any problems with their swimmers' entries. The coaching staff has worked over the past week and will continue to observe over this week to get to know each swimmer and will determine entries that best suit each swimmer and the team's needs. Thus, sending out entries is to check for logistical problems or errors on behalf of the coaching staff, such as illness, injuries, other reasons for swimmers' absences, or swimmers who are entered and should not be and vice versa. The goal is not to change the events a swimmer is entered into.

- Please sign up for volunteer positions by visiting the team website [here](#). Volunteering is crucial for a smooth and successful season. Parent volunteers allow our meets to run!
- New to JSL? Visit JSL welcome manual [here](#), FAQ page [here](#), or About Meets page [here](#).

Go Boarfish!
